What is a Collocation?

Common connections between words

Example:

~~I took a coffee~~

I have a coffee

Phrasal verbs:

Take away

Take off

Some people think that advertising influences our decisions too much. To what extent do you agree or disagree?

There are people who believe that advertising influences our thinking too much. I strongly agree with this and in what follows I will give reason to support my view.

Point	One of the reasons why I strongly believe that TV influences our decisions <u>too much</u> is <u>we spend too much time</u> watching it
Explain	That is to say, it takes lots of time to watch our favourite shows and it limits our schedule. Remember yesterday: paraphrase the POINT
Example	For example, a study which was conducted by the Oxford University in 2023 shows there are more than 100 advertisements in four hours on TV.

Some people believe that television has a negative impact on society. What are the problems surrounding this and what possible solutions are there?

must be 2 or more

must be 2 or more

Point	One of the problems when television has a negative effect on society is it can effect family relationships.
Explain	In other words, it can cause mental health issues when <i>they</i> do not pay attention on each others conversations and not only that it can cause disagreements between them.
Point	Another problem when television has a bad effect is it effects socialisation.
Example	In more concrete terms , in more concrete terms, the Family Center Care Guide which was published by the World Health Organization (WHO) reported that parents spent more time watching TV than socialising with their children.
